

**ENEMY OF THE PEOPLE**  
**(Chromatic Song)**  
**Mike Delaney 2/12/19**

**Chorus:**

**Enemy of the people**  
**When will the people get woke?**  
**Enemy of the people**  
**See through billows of blowing smoke**

He calls them the “enemy of the people”  
The failing Times and Bozo’s Post  
So many tweets; so many rallies  
And he makes it sound like a boast

Everything negative is fake news  
Even though they quoted what he said  
He won, why can’t he get a good story?  
Troubling times are ahead

**Chorus**

It’s not called the land of freedom by accident  
If you don’t believe it, we’ll tell you where to go  
The primary reference is patently evident  
Because the Constitution says it’s so

A free press is a bastion of freedom  
As pivotal as our right to free speech  
To say otherwise may be treason  
At least it’s a moment to teach

**Chorus**

Look! It’s the true enemy of the people  
Throwing down infantile Twitter-storm rages  
Ego-laden puffed-up braggadocios  
While throwing brown children into cages

Fight against the Oval Office swamp  
It’s not a time for us to be shy  
It can still be turned around  
Don’t let this be where freedom goes to die

**Chorus**
