

My Wish – Mike Delaney, 4/9/20

This is the opening “I Wish” song in “Petty Dictator – The Musical”.

As the scene opens the obese, fake-tanned, petty dictator is caressing a tin-pot filled with cheeseburgers, while he binges on Fox News. And even though he has everything anyone could ever need, he has wishes...

Cmaj7 Am7 Em7 Dm7/G7

My wish is rather humble; My wish is rather small
My wish is to be the YUGE-est; a great wish, that’s all
As I eat from my dictator’s tin-pot
Greasy burgers washed down with copious diet cokes
My wish is to be omnipresent
My wish is to not be a joke

Chorus:

Fmaj7

I won’t stop ‘til I get me my wish

Cmaj7

Dm7

Though my style can be pathetic

My great branding will keep me rich

G7

Cmaj7

Welcome to the Trump Pandemic

Cmaj7 Am7 Em7 Dm7/G7

I wished to be in real estate; casinos, hotels, and golf
courses

Then the university, steak, water, and a few racehorses

Now I gorge on rewriting history

Turning truth into lies

My wish is to be all-pervading

I’m hungry—pass the fries

Chorus

Cmaj7 Am7 Em7 Dm7/G7

In virus spewing rallies, I spout with urgency
My ego's being stoked, by this global emergency
I focus on my branding
I have to keep up all the drama
I have to screw all the little people
And undo everything Obama

Chorus?

Bridge:

Em7

Cmaj7

I don't really care about guns, abortion, or immigrants

Em7

Cmaj7

Only ratings, nick names, and supplicants

D7

G7

I wish to own the land, sea, and air

G7.. C

I got it...TrumpCare!

Chorus x2
